Days

## Wire-Free HD Security Cam

World's First Wire-Free Security Cam with 365-Day Battery Life and A.I. Technology.

1 Charge = 1 Year

Free Local Storage

Face Recognizing Alerts

Weatherproof IP66

Live Streaming

Full HD

Military-Grade Encryption

Two-Way Audio

Night Vision

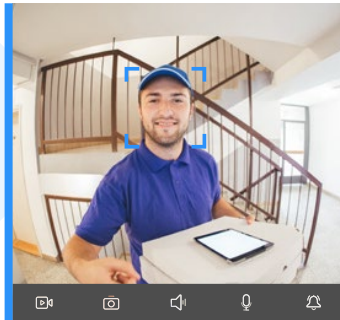

### Easy

- 100% Wire-Free
- No Contracts or Monthly Fees
- Free Local Storage
- Two-Way Mounting

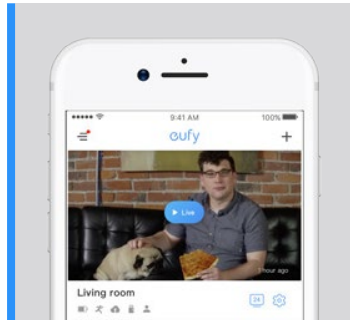

### Safe

- Real-Time Notifications
- 48-hour backup battery for HomeBase
- AES 256-bit Data Encryption
- 100dB Siren Anti-Theft Protection

### Smart

- Human & Face Recognition
- Amazon Alexa, Google Assistant, and IFTTT Integration
- Cloud Storage Service (Optional)

### Free Eufy Security App

- Search for and view previous recordings with ease
- Live streaming and save footage from multiple cameras

## Unrivalled Battery Life

In order to offer the longest battery life in the industry, we had only one choice, to use batteries from Anker - The leader in charging technology.

Through our Anker partnership we were able to maximise the efficiency and charging speed of the battery, resulting in 365 days (or upto 3 years in standby mode) per charge when actively monitoring areas such as your front door, driveway or backyard.

Whilst our competitors require you to recharge your unit every 2 months, you can rest with confidence that your eufy security will never miss a beat thanks to it's recharge once a year.

## Safe & Secure

Bank Grade Encryption combined with local storage ensures that only you can access your security data, not a thief, not your neighbour, not even someone from the eufy security team.

All data is secured with AES 256-bit encryption and access requires your microSD card to be registered to your Base Station and your account logged in, only then you can access the data.

### Anti-Theft Alarm

A 100-decibel siren sounds off with the volume of a jackhammer if the always-active accelerometer detects eufy Security Cam is being forcibly moved.

### Backup Battery

If there's a power outage or the power is cut, the Base Station operated on auxiliary power for 2 days to sustain recording and siren protection.

### HybridWave Communication

eufy Security Cam operates on exclusive HybridWave technology to utilize the low-frequency wireless spectrum on standby, and Wi-Fi while transmitting, to ensure minimal power consumption and a stable, strong and secure connection when active.

## PRODUCT SPECIFICATIONS

EUFY SECURITY CAM	
Resolution	1080p
Video Format	H.264, High Profile
Image Sensor	Sony Exmor IMX323, 1/2.9 in
Field of View	140°
Night Vision Range	10 m Night Vision Turbo Mode
Wireless	Low Frequency Wireless, 2.4Ghz
Battery Life	1 Year Usage, 3 Years in Standby Mode
Field of View	140°
Digital Pan and Zoom	Yes (8x)
Audio	Speaker & Microphone
Motion Detection	Adjustable Sensitivity, Automatic Push Notifications
Weight	370 g
Dimensions	106.7 x 57 x 57 mm
Operating Temperature	-20° C to 50° C
Warranty and Support	1 Year
Supported Platforms	iOS 8 and above / Android 4.4 and above / Web Browser
Outdoor/Indoor Use	IP67

EUFY HOME BASE	
Interface port	Fast Ethernet
Indicator LEDs	Status and Siren
Wireless	Low Frequency Wireless and 2.4G Wi-Fi
Wireless Range	+90m line of sight
Antenna	Internal Antenna
A.I. Engine	Eufy A.I. Engine
IP Configuration	DHCP
Backup Battery	5200mAh
Local Storage 16GB microSD Card included (expandable to 128GB)	Yes (8x)
Charging Output	5V-2A / 9V-2A USB Fast Charging
Power Adaptor	Input: 100-240V ~ 50/60Hz Output: 12V-2A
Audio	2W Speaker
Weight	452g
Dimension	28.3 x 68.6 x 130.5 mm
Operating Temperature	0° to 50° C

## FEATURED IN

**THE VERGE**

"The idea of a device that can be placed pretty much anywhere with little to no hassle and no wires to deal with is very compelling. And you really can't beat projected battery life of up to one whole year."

**POPULAR SCIENCE**

"The eufy Security Cam's late entry into this market segment allows it to address several common issues that other security cameras face. This includes annoyances like short battery life, tricky installation, and an unending stream of tedious false notifications every time your pet barks at the mail carrier."
